Advanced Training and Development

3 v 3 helps recreate the 'street football' we have heard commentators, players, and coaches refer to, where the world's greatest players first learned and then developed the skills they needed for top-level performance — but incorporated into the formalized structure of academy foot ball.

Soccer players play small-sided games to

- Touch the ball more often
- Have more playing time
- Be more involved
- Have more opportunities to score
- Have the ability to attack and defend

3 v 3 establishes a good learning environment, vitally important to player development.

So join with us at SCSA for some small-sided fun.

Skillz v 3 v 3 is the local tournament for the Kick It 3v3 Soccer Tour.

This signature event is brought to you by Skillz Check Soccer Academy, the Hollis Brookline Cavalier Soccer Club, and the Kick It 3v3 Soccer.

Skillz v 3 v 3 will be help on Saturday, June 27, in Hollis, NH.

The winners progress to a Regional Tournament, with the finals at Disney's Wide World of Sports in Orlando, FL.
